

8:30 AM SEMINAR

PHARMATARGET  b.v.

 Maastricht University

DEVELOPMENT OF SMALL MOLECULES, OPPORTUNITIES AND PITFALLS

-Technologies for structure driven small molecule development
GERRY NICOLAES

-Peptide design using molecular dynamics simulations and
binding free energy calculations
KANIN WICHAPONG

-Challenges in the development process of biologicals
CHRIS REUTELINGSPERGER

-Panel discussion

10:00 AM COFFEE BREAK

10:30 AM WORKSHOP

HOW TO MAKE YOUR RESEARCH PRESENTATION CLEAR AND CONVINCING

-Life is too short for bad presentations
HANS VAN DE WATER

12:30 PM CLOSING

APRIL 16, 2018
SANQUIN / AUDITORIUM
PLESMANLAAN 125, AMSTERDAM

Attendance is **free** but limited. Registration via email to secretariaat4@sanquin.nl by Friday, April 6. Please specify if you are attending the seminar and/or workshop, as well as needing use of the parking facility.
